

FOUNDATION DESIGNS FOR OFFSHORE WIND TURBINES

Learn Anytime Anywhere

INSTRUCTORS

Prof. On-Lei Annie Kwok
National Taiwan University

Prof. Pai-Chen Guan
National Taiwan Ocean University

COURSE OBJECTIVES

Learners will gain knowledge of the types, design considerations, and principles of offshore wind turbine foundations, as well as relevant geotechnical and structural engineering issues.

UNIT TOPICS

- Week 1** Introduction to Offshore Wind Turbine Foundations
- Week 2** Seabed Soil
- Week 3** Fixed Foundations
- Week 4** Floating Foundations
- Week 5** Geotechnical Issues Related to Offshore Wind Turbines
- Week 6** Structural Issues Related to Offshore Wind Turbines
