

From 6G to Satellite Communication: Exploring Future Trends in Space Technology and Network Industry

To support the development of the space industry and telecommunications sector, the Ministry of Economic Affairs is implementing the "The Plan for Space Industry Supply Chain Development and Communication Industry Talent Empowerment." This workshop aims to cultivate talent in space technology and strengthen the nation's industrial competitiveness.

• **March 19 , 2025**

Engineering Building 4, ED312
National Yang Ming Chiao Tung University,
Guangfu Campus

• **9:00-12:00**
• **6G Radio Access Network:
from Massive to Resilient**

Prof. Li-Chun Wang
Dean of ECE College, National
Yang Ming Chiao Tung University

• **13:30-16:30**
• **Space Satellite Systems
Engineering**

Dr. Chen-Joe Fong
Divisions of Systems
Engineering, TASA

• **March 20 , 2025**

• **9:00-12:00**
• **B5G Open Architecture,
AI-RAN and Vertical
Applications**

Dr. En-Cheng Liou
Yuan Ze University

• **13:30-16:30**
• **Satellite Optical
Communication**

Prof. Chun-Ting Lin
National Yang Ming Chiao
Tung University

- ✓ **Target Audience:** Priority is given to international and overseas students.
- ✓ **Lunch will be provided!** Interested students are welcome to sign up!
